QUESTION 1

When Cloud Security Posture Management discovers non- compliant cloud resources, CloudBot applications perform automated remediation\\'s to correct any violations. How true is this statement?

A. This is true, however it requires Full Protection access to the Cloud Account to perform automated remediation

B. This is not true, Cloud Security Posture Management (CSPIU) can only report non- compliance and cannot remediate by itself

C. This is partially true, however the automated remediation is not done by CloudBot applications but it is done by the Security Management Server

D. This is not true because CloudBot applications are used to provide chat service to respond to non-compliance alerts

Correct Answer: A
