QUESTION 1

Irena is reviewing several promotional product videos from her company's marketing department before they are published on the company's Web site. The videos are in RealMedia format, but they do not open in Irena's Windows Media Player.

What should Irena do in order to view the videos?

- A. Contract her company's Technical Support department and schedule service for her computer.
- B. Convert the video files to the WMV format, because RealMedia files will not play in Windows Media Player.
- C. Upload the videos to the Web server to be viewed through Windows Media Player because they will not play from a local computer.

Correct Answer: B

QUESTION 2

Which of the following strategies is recommended when conducting keyword searches?

any results from the manufacturer named Scubapro.

Which of the following search strings should she use?

- A. Regulators !Scubapro
- B. Regulators Scubapro
- C. regulators Scubapro

Correct Answer: A

QUESTION 5

A paradigm shift has occurred in the way that small businesses use software applications.

Companies increasingly choose hosted solutions with a monthly subscription fee and outsourced system maintenance, instead of purchasing software and hardware that must be maintained by internal resources.

This business model is commonly referred to as:

- A. scalability
- B. Software as a Service
- C. crowdsourcing

Correct Answer: B
