### QUESTION 1

You are starting a web site redesign project for a dog trainer who specializes in preparing service animals for people with special needs. His primary customers have mobility challenges.

What would be a primary consideration in the redesign of the site?

- A. Providing large print PDF files for download
- B. Providing image and video alternatives to text
- C. Minimizing the number of mouse clicks needed to perform tasks
- D. Removing page elements that flicker and change color

Correct Answer: C

---

### QUESTION 2

Lisa is developing a Web application using a framework and wants to include interactive elements using JavaScript. She decides to use a JavaScript library to but she is on a tight budget and cannot pay for a license.

Which of the following would be the best option for Lisa to access a library?

- A. Borrow the JavaScript code from another site
- B. Use Kendo UI
- C. Use the jQuery UI library
- D. Use JavaScript code from the Foundation library

Correct Answer: C

---

### QUESTION 3

During the evaluation of user feedback from usability testing of a web site project, it is determined that users typically get lost within the site, get confused by "mystery meat" graphical links and are not able to complete tasks as directed.

Which of the following UI design patterns would help correct this issue?

- A. Navigation wizards
- B. Image zoom

- C. Navigation tabs
- D. Progressive disclosure

Correct Answer: C

---

#### QUESTION 4

A web site designer is using percentage based dimensions to allow a web site to shrink or enlarge according to the browser and device screen size.

- A. Responsive grid design
- B. Fixed grid design
- C. Fluid grid design
- D. Symmetrical grid design

Correct Answer: A

---

#### QUESTION 5

You have built a website that incorporates responsive web design. However, Google has notified you that your site is not mobile-friendly. They report that several links are too close together.

Which of the following practices will resolve this issue?

- A. Optimize for touchscreen gestures
- B. Modify all links to text
- C. Modify all links to graphics
- D. Arrange the links to different areas of the page

Correct Answer: A
