QUESTION 3

A supervisor wants to find a way for employees to access remote desktop applications without having to install any additional software other than a web browser. Which aspect of Horizon 7 would be a solution?

- A. Horizon Client
- B. HTML Access
- C. vSphere Client
- D. VMware Tools

Correct Answer: B

If you use the HTML Access feature, end users can open a remote desktop or application inside a browser, without having to install any client application on the client system or device.
