QUESTION 3

Scenario: A Citrix Engineer maintains a multi-zone XenDesktop infrastructure with a Primary Zone and a single Satellite Zone. Each zone contains two Delivery Controllers.

Two new Virtual Delivery Agent (VDA) machines are being introduced into the Satellite Zone.

What will be the registration process for the new VDAs if both the Satellite Zone Delivery Controllers are offline?

- A. The VDAs will immediately attempt to register with one of the Delivery Controllers in the Primary Zone.
- B. The VDAs will first attempt to contact both Delivery Controllers in the local zone and then fail over to one of the Delivery Controllers in the Primary Zone.
- C. The VDAs will intermittently attempt to register with both the Delivery Controllers in the local zone until the VDAs are back online.

D. The VDAs will first attempt to contact one of the Delivery Controllers in the local zone and then will failover to one of the Delivery Controllers in the Primary Zone.

Correct Answer: A

QUESTION 4

Scenario: The XenApp farm consists of two zones, each located in a different datacenter. After some recent maintenance by the network team, the administrator discovers that the load balancing across the datacenters is NOT working.

The most likely cause for the load balancing issue is that the firewall has started blocking the _____. (Complete the sentence with the correct option.)

- A. IMA traffic between the datacenters.
- B. XML traffic between the datacenters.
- C. data store traffic between the datacenters.
- D. Session Reliability traffic between the datacenters.

Correct Answer: A

QUESTION 5

A Citrix Engineer needs to create a Workspace Environment Management (WEM) Delegated Administrator account for a new member of the IT team who needs access to manage System Optimizations such as CPU, RAM, Process Management settings and view the entire console.

Which type of Delegated Administrator should the engineer create for the new member?

- A. Full Access
- B. Filters Manager
- C. Advanced Settings Manager
- D. System Utilities Manager

Correct Answer: A
