QUESTION 1

Which three types of actions that relate to Oracle Database are requested by self-service portal users in Enterprise Manager Cloud Control 12c?

- A. Viewing chargeback information for their own database
- B. Viewing a summary of their current resource usage against the total amount of resource available to all self-service portal users
- C. Requesting a new database from the catalog of database-provisioning procedures that they are privileged to see
- D. Viewing a summary of their current resource usage against the limits that have been for them
- E. Viewing chargeback information for all database that are provisioned by self-service
- F. Deleting any database originally provisioned from the catalog of database-provisioning procedures that they are privileged to see

Correct Answer: ACD

QUESTION 2

You register OVM Manager running on ovmmge02.example.com and use it to discover virtual servers and NFS storage.

You then create a storage repository, virtual server pool, and Infrastructure as a Service (IaaS) zone with the virtual servers and storage owned by ovmmgr02.example.com. Now you want to discover extra virtual servers and add them to your IaaS zone. Which sequence of steps will achieve this?

- A. Deregister OVM Manager, reregister OVM Manager, discover the extra virtual servers, and add them to your IaaS zone.
- B. Discover the extra virtual servers by using the OVM Manager Console, deregister OVM Manager, reregister OVM Manager, and add the extra virtual servers to your IaaS zone.
- C. Discover the extra virtual servers by using the Infrastructure Cloud management pages, and add them to your IaaS zone.
- D. Deregister OVM Manager, reregister OVM Manager, discover the extra virtual servers, and add them to a virtual server pool that is part of your IaaS zone.
- E. Discover the extra virtual servers by using the Infrastructure Cloud management pages, and then add them to a virtual server pool that is part of your IaaS zone.

Correct Answer: D

QUESTION 3

How does the National Institute of Standards and Technology define a Hybrid Cloud?
