QUESTION 1

When you create an Oracle WLS for OCI instance you have the option to use Oracle Identity Cloud Service to authenticate application users for your domain. Which Statement is false when you Enable Authentication Using Identity Cloud Service?

- A. This configuration is only available if the domain meets these requirements: running WebLogic Server 12c and including a load balancer.
- B. By default, all requests whose URI begins with /_protected (two underscore characters followed by the word "protected") are protected.
- C. A trusted or confidential application has to be defined in Oracle Identity Cloud Service and associated with the WebLogic server instance using application client ID and client secret.
- D. The WebLogic Server security realm in the service instance is configured to use Oracle Identity Cloud Service for authentication only.

Correct Answer: D

QUESTION 3

Take a look at the following list of jobs that must be run prior to deploying application extensions to the Oracle Cloud Application's production instance.

- A) Create a production packaging build job.
- B) Create and configure a pipeline.
- C) Create production deployment build job.
- D) Configure jobs' privacy settings.

E) Run the pipeline.

Place these step in the proper order of execution.

A. A, C, A, B, D, E

B. B, B, C, A, D, E

C. C, A, B, C, D, E

D. D, A, C, D, B, E

Correct Answer: C

QUESTION 4

You are looking for a Cloud service that helps you easily create web and mobile apps. Based on the requirement you would like to extend the apps with the required customization. Which Cloud service is ideal for this requirement?

A. Oracle Functions

B. Visual Builder Studio

C. Oracle Kubernetes Engine

D. WebLogic Server for OCI

Correct Answer: B

QUESTION 5

You have all the credentials to create a cluster. You create a cluster with Quick Create. Which three are created by default in a multi-AD region?

A. VCN network

B. Kubernetes load-balanced subnets

C. Three worker nodes

D. Deployed Applications

E. Node pool with subnet

Correct Answer: ACD
