### QUESTION 3

Availability (work time) can be defined in HCM Cloud in different ways.

In what order does the application search for an employee's schedule, before applying it to an assignment?

- A. Standard working hours, Primary work schedule, Employment work week, Published schedules
- B. Published schedules, Employment work week, Primary work schedule, Standard working hours
- C. Published schedules, Primary work schedule, Employment work week, Standard working hours
- D. Employment work week, Published schedules, Primary work schedule, Standard working hours

Correct Answer: C

---

When searching for an employee's schedule in HCM Cloud, the application will search in the following order: Published schedules, Primary work schedule, Employment work week, Standard working hours. This order is based on the level of specificity, with the most specific option (Published schedules) being searched first. If the employee does not have a Published schedule, then the Primary work schedule will be searched, followed by the Employment work week, and finally the Standard working hours.
