QUESTION 1

Identify two correct options about Application Composer, as the primary web-based tool within Engagement Cloud used to modify standard and custom objects.

- A. It allows edits to dashboard pages.
- B. It requires the use of a sandbox to modify the fields associated with standard and custom objects.
- C. It requires proper permissions to use the tools and additional permissions to edit the desired object.
- D. It includes a preview option for all standard and custom object pages.

Correct Answer: B

QUESTION 2

Which three statements are true about building Digital Customer Service (DCS) applications?

- A. Many DCS applications can be active in production at the same time.
- B. DCS includes a "reference implementation template" that illustrates recommended implementation practices.
- C. Only one version of a DCS application can be active in production at any time.
- D. DCS application can be embedded in other sites.

Correct Answer: BCD

QUESTION 3

If you did not use the Reference Implementation template for your Digital Customer Service (DCS) application, you will _____.

- A. not be able to preview your application before you publish it
- B. have to contact Oracle Support for the permission to deploy your custom DCS application
- C. be required to map roles so that the Visual Builder Cloud Service role matches the Engagement Cloud role
- D. be required to create all of your own components for the display of Engagement Cloud objects

Correct Answer: D

QUESTION 4

Which two statements are true regarding the Audit History tab of a Service Request?

- A. It is enabled by default.

- B. It is available only to authorized administrators.
- C. It is searchable by date range, username, event type, event severity, and event duration.
- D. It is exportable to Excel.
- E. It allows users to save searches for later reuse.

Correct Answer: AE

QUESTION 5

If you want to disable the ability to delete activities for all users, what action should you perform?

- A. Remove the "delete activities" button from all pages used by the users who have this access.
- B. Remove the "delete activities" role from all the users who have this role.
- C. Remove the "delete activities" privilege from all the roles for users who have this access.
- D. Remove the users of the roles who have the "delete activities" access.

Correct Answer: D
