QUESTION 1

Your Engagement Cloud site has had the knowledge function enabled. Your internal users want to author articles. Unfortunately, they cannot find the option to create new articles.

What option could cause this problem?

- A. The User Group selected for authoring articles has been set to `External`.
- B. The Base Locale for the articles has not been enabled in the correct language.
- C. Users have not been given the "Knowledge Analyst" role.
- D. The "Show article snippet in search and recommend" option has not been selected in the task "Manage Administrator Profile Values".

Correct Answer: C

QUESTION 2

Which three statements are true about building Digital Customer Service (DCS) applications?

- A. Many DCS applications can be active in production at the same time.
- B. DCS includes a "reference implementation template" that illustrates recommended implementation practices.
- C. Only one version of a DCS application can be active in production at any time.
- D. DCS application can be embedded in other sites.

Correct Answer: BCD

QUESTION 3

One of your service agents needs a new search filter on his Service Requests\ list page. How can the agent achieve this?

- A. Add fields from the advanced search functionality.
- B. Grant the agent Administrator permissions to add new search filters.
- C. Create a new search through the application composer.
- D. Create several personalized searches and create them to each other.

Correct Answer: C

QUESTION 4

To create a new Survey object, you create a sandbox and set it as active.

Which two statements are correct while creating your Survey object in Application Composer?

- A. Multiple users cannot use your sandbox at the same time.
- B. You can set a second sandbox as Active at the same time in order to begin working on another new object.
- C. Your changes won't be available to any other sandbox or to any application in the mainline application layer until you have published your sandbox.
- D. Your changes are isolated and do not impact other users' configuration environments or the production environment.

Correct Answer: CD

QUESTION 5

If you want to disable the ability to delete activities for all users, what action should you perform?

- A. Remove the "delete activities" button from all pages used by the users who have this access.
- B. Remove the "delete activities" role from all the users who have this role.
- C. Remove the "delete activities" privilege from all the roles for users who have this access.
- D. Remove the users of the roles who have the "delete activities" access.

Correct Answer: D
