QUESTION 1

As part of implementing Oracle Cloud for your customer, you defined multiple Business Units. The customer wants you to define an Inventory Organization that is associated with all the business units and not just one particular business unit.

How do you achieve this?

- A. Leave the Profit Center Business Unit field blank in the Inventory Organization definition.
- B. Leave the Management Business Unit field blank in the Inventory Organization definition.
- C. Define the Inventory Organization without associating it with any location.
- D. It is not possible to define an Inventory Organization that is associated with more than one business unit.

Correct Answer: D

QUESTION 2

Your organization is planning for a periodic counting of individual items automatically throughout the course of the year. As part of this activity, the user has loaded items to the cycle count but some of the items are not being considered when count schedules and count sequences are not generated. Identify two reasons that explain why the items are not being considered.

- A. The Include in Schedule option is not selected to include the item for auto-scheduling.
- B. The approval controls are not set up.
- C. The ABC assignment group is not defined.
- D. The Cycle Count Enabled flag is not selected for the item.
- E. The Cycle Count Enabled flag is not selected for the inventory organization.

Correct Answer: BD

QUESTION 3

Which two options constitute the rights and responsibilities of a Legal Entity?

- A. Manage warehouses
- B. Create opportunities for new business
- C. Account for themselves to regulators, taxation authorities, and owners according to rules specified in the relevant legislation
- D. Facilitate resource allocation

E. Own property

Correct Answer: CE

QUESTION 4

Which two statements are true in regard to using the Enterprise Structures Configurator?

- A. The guided interview-based process helps you set up the enterprise with best practices.
- B. It recommends job and position structures.
- C. It creates the chart of accounts.
- D. It allows you to create your Enterprise, Business Units, and Warehouses in a single step.
- E. You cannot modify the recommendation from the tool. You must do it after you perform the initial configuration.

Correct Answer: AD

QUESTION 5

Which action invokes supply chain orchestration and transfer of data to supply chain orchestration interface tables?

- A. running Min-Max Planning
- B. creating Purchase Order Receipt
- C. running a scheduled process called "Create Transactions"
- D. creating a new Inventory Organization for execution of supply chain orchestration

Correct Answer: A
