QUESTION 1

Your Profitability and Cost Management Cloud application contains a product dimension with 150 products. You've received a dimension data file containing only a list of 10 new products that need to be added to the current product dimension. You use the file to import the new product members, using the Update Dimensions option in the Profitability Application Console.

Which result describes what will happen?

- A. The dimension update fails with errors and no changes are made to the product dimension.
- B. The 10 new members are appended to the bottom of the existing product dimension.
- C. The product dimension is replaced by the contents of the update file; only the 10 new members reside in the product dimension after the update.
- D. The 10 new members are merged into the product dimension and sorted alphabetically.
