QUESTION 1

Your legal department has informed you that there is a new requirement that every version of every webpage must be stored for seven years going forward. The site does not use Engage but it does use translations. Currently, publishing is every 24 hours.

What is the low cost way to meet this requirement?

A. configuring Site Capture on delivery to execute every 24 hours

B. leveraging the built-in block-level mirroring of both the database and the shared file system in the enterprise storage area network to execute every 24 hours

C. modifying publish to publish to two delivery destinations simultaneously

D. running two shell scripts that tar the shared file system and the database, respectively, to execute every 24 hours

Correct Answer: C
