QUESTION 1

You are the WebCenter Spaces Administrator and want to modify the "Marketing" Group Spaces to control which pages are visible to participants of this Group Space.

What do you select under the Page Actions option?

A. Edit Page

B. Rename Page

C. Create Page

D. Manage Pages

E. Move Page

Correct Answer: D

QUESTION 2

How many data controls can exist in an ADF application?

A. At least one

B. Only one

C. Maximum of two

D. Can be any number (need not exist also)

Correct Answer: B

QUESTION 3

Which Group Space template is offered out of the box?

A. Blank

B. Project Management

C. Marketing

D. Manufacturing

Correct Answer: A

QUESTION 4

In the JDeveloper design environment, which option best describes how to add a composer component?

A. In Component Palette, select the Runtime-editing component. Select the Allow runtime-editing check box. Next drag the oracle composer component.

B. Add a Change Mode link to the page. In Component Palette, select Oracle Composer from the list at the top.

C. Open the runtimeEnv.xml file from JDeveloper. Locate the [New] section and add the following line: OracleComposerShow=true

D. In Resource Catalog, select Add/Modify components. From the list, select Oracle Composer.

Correct Answer: D

QUESTION 5

How is Self Registration activated for a group space?

A. Select the appropriate option under the Self-Subscription selection on the General tab.

B. Click the Activate Self Registration button on the General tab of the Group Space.

C. Self Registration is not allowed.

D. Self Registration is a tab under Spaces administration.

E. Self Administration is a hidden area. To activate it, the WebCenter Spaces administrator has to modify the user-access.xml file for that user.

Correct Answer: B
