QUESTION 1

You have an organization that runs both its domestic and international business from the same offices. However, the organization does not want the domestic side of the business to be able to transact on the International side, even though they are selling the same material.

How do you configure your enterprise to meet this requirement?

- A. Use data access security to separate what each customer can control.
- B. Set up the domestic and International businesses as separate projects.
- C. Set up the domestic and International businesses as separate cost centers.
- D. Set up the domestic and International businesses as separate operating units.
- E. Set up the domestic and International businesses as separate business units.

Correct Answer: A

QUESTION 2

A user is performing a material return transaction against excess stock in an Inventory organization; however, the user fails to select the Physical Material Return Required check box.

What happens?

- A. Shipment lines are created.
- B. It is considered as accounting-only return.
- C. A transfer order line remains open.
- D. Stock is reserved.

Correct Answer: B

Explanation: <https://docs.oracle.com/en/cloud/saas/supply-chain-management/r13-update17d/famli/scm-cloud-using-receiving.pdf> Physical Material Return The Physical Material Return Required check box displays on the Return Lines user interface. If you deselect this field, the return is considered an accounting only return. If you select this field, transactions are created for the physical return of the material. For returns that do not require physical return of material, shipment lines and reservations are not created. The transfer order line is set to a status of closed automatically, and the application does not update the shipped or received quantity. You can use the transfer order document for tax, accounting, and audit trail purposes. For returns that require physical return of material, shipment lines and reservations are created. You can pick, pack, and ship physical material returns.
