QUESTION 1

A Case Reviewer is assigned the Case User Role. The Case Reviewer reports to the System Manager that the Native/Image Viewer in Review Mode fails to load document images, preventing the redaction tool from loading. What is the likely cause of this issue?

- A. The Case Reviewer has insufficient access rights to the files.
- B. The documents are stored in restricted access folders.
- C. The Brava-client ActiveX component must be installed on the user's machine.
- D. The documents are stored in a locked Production Folder.

Correct Answer: C

QUESTION 2

A data source may fail to be pre-processed by the Symantec Clearwell eDiscovery Platform 7.x for which two reasons? (Select two.)

- A. corrupted source
- B. PST file within a container file
- C. duplicative of another source
- D. read-only
- E. L01 file

Correct Answer: AD

QUESTION 3

A Case User is analyzing the results of a search and needs to determine the communication between custodians. The Case User has selected a particular discussion for analysis. Which tab will display this information?

- A. Thread
- B. Interactions
- C. Conversations
- D. Senders

Correct Answer: C

QUESTION 4

An organization needs to decide how to set up reviewer permissions and rights for its Symantec Clearwell eDiscovery Platform 7.x environment. The only permissions and rights the reviewers need is to access the material they are responsible to review. How should the System Manager configure the permissions and rights for the reviewers?

- A. Assign each reviewer to the default Case User Role.
- B. Assign each reviewer to the default Case User Access Profile.
- C. Create a custom Role for each individual reviewer and give access to the folder that contains the items for that reviewer.
- D. Create a custom Access Profile for each individual reviewer and give access to the folder that contains the items for that reviewer.

Correct Answer: D

QUESTION 5

What will return from a search using the filter criteria "pet?" when preparing to collect from Symantec Enterprise Vault?

- A. pet, pets
- B. pet, pets, petroleum
- C. pet?
- D. petal

Correct Answer: A
