QUESTION 4

Refer to the Exhibit.

```
Router# configure terminal
Router(config)# interface gigabitethernet 5/1
Router config-if)# description Cube E41.228-0097
```

Which command is required to allow this media resource to handle Video Media streams?

A. maximum sessions hardware 50

B. video codec h264

C. codec pass-through

D. associate application Cisco Unified Border Element

Correct Answer: C

The command "codec pass-through" would let media streams be negotiated later in the call.
