QUESTION 1

During which two points in a customer engagement is a Hybrid Cloud Readiness Assessment appropriate? (Choose two.)

A. During SDDC deployment

B. After SDDC deployment

C. Before SDDC deployment

D. During the validation phase of the SDDC deployment

E. Scoping

Correct Answer: BE

QUESTION 2

Hybrid Cloud Extension (HCX) supports which three of the listed services within the platform? (Choose three.)

A. vMotion

B. ESXi host patching

C. Layer 2 VPN (L2VPN)

D. Route 53

E. Elastic Load Balancing

F. WAN compression

Correct Answer: ABF

QUESTION 3

A customer is looking for a reliable and cost-effective way to back up workload data running in VMware Cloud on AWS.

What is the most appropriate solution?

A. Deploy a virtual machine AWS EC2 and mount AWS Elastic File Storage (EFS) to this virtual machine; configure this virtual machine as the backup target for image-based backups in VMware vSphere Data Protection.

B. Deploy a virtual machine in VMware Cloud on AWS and mount AWS Elastic File Storage (EFS) to this virtual machine; configure this virtual machine as the backup target for image-based backups in VMware vSphere Data Protection.

C. Create an S3 bucket in another availability zone and validate that the customers preferred backup solution is supported for VMware Cloud on AWS; otherwise guide the customer to choose another backup solution.

D. Create an S3 bucket in the same availability zone and validate that the customers preferred backup solution is supported for VMware Cloud on AWS; otherwise guide the customer to choose another backup solution.

Correct Answer: B

QUESTION 4

What are three reasons for using HCX with VMware Cloud on AWS? (Choose three.)

A. Migrate virtual machines

B. Upgrade operating systems

C. Install OVF

D. Upgrade virtual machine compatibility

E. Extend Layer 2 networks

F. Deploy applications

Correct Answer: ABE

QUESTION 5

Which feature enables customers to keep the availability of OVA, ISO images and scripts in sync between on-premises and VMware Cloud on AWS SDDC deployments?

A. vCenter Content Library

B. vCenter Image Library

C. vCenter Template Library

D. vCenter Format Library

Correct Answer: A

vCenter Content Library is the perfect service to keep the availability of OVA, ISO images and scripts in sync between on-premises and Cloud SDDC deployments.
