QUESTION 1

There is a recommended order to powering up the IP Office 500 V2: first up the expansion modules before powering up the control unit.

Why is this?

- A. It is easier to start with the expansion unit at the top and then work your way down.
- B. All expansion units need to be powered for the control unit to discover them.
- C. The expansion units may not always see the control unit if powered up last.
- D. The expansion units take longer to power up.

Correct Answer: B
