### QUESTION 1

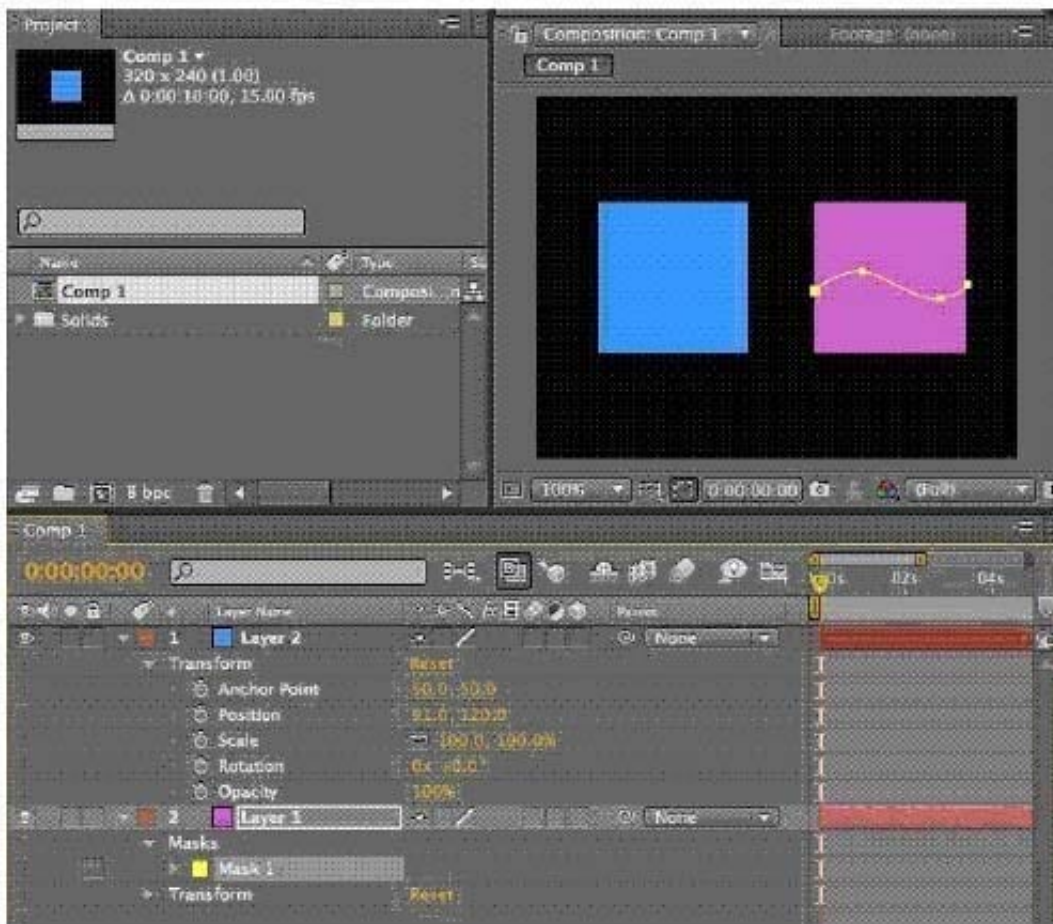

What is a consequence of choosing the Editable Layer Styles option when importing a layered Photoshop document?

- A. It interferes with the intersection of 3D layers.
- B. Vector masks are converted to After Effects masks.
- C. After Effects imports each clipping group as a precomposition.
- D. Photoshop layer groups are imported as individual compositions.

Correct Answer: A

### QUESTION 2

Click the Exhibit button.

You are working in a composition that has the two layers shown in the exhibit. Layer 1 has a mask applied to it. You wish to animate the position of Layer 2 using the mask path coordinates from Layer 1. What is the most efficient process?

- A. select Layer 2, then use the Parent drop-down menu option next to the layer in the timeline to set its parent layer to Layer 1
- B. select Layer 1, open the Mask attributes in the timeline, select the Mask Path and go to Edit > Copy, then select Layer 2 and go to Edit > Paste
- C. select Layer 1, open the Mask attributes in the timeline, select the Mask Path and go to Edit > Copy, then select Layer 2, open the Transform attributes, select the Position property, and go to Edit > Paste
- D. open the Mask attributes for Layer 1 in the timeline, select Layer 2, open its Transform attributes, and set an expression for the Position by pressing Option/ALT and clicking the stopwatch, then drag the pick whip icon onto the Mask Path of Layer 1

Correct Answer: C

---

### QUESTION 3

What are some of the benefits of using Color Management for your After Effects project? (Choose three.)

- A. You do not need to calibrate your computer monitor.
- B. You have more control over how colors are blended within your project.
- C. You have more control over color range using different gamma settings.
- D. The colors in imported images appear as the creators of the images intended.
- E. You always produce colors that are within the safe color range for PAL or NTSC.
- F. The movies that you create will look as you intend when viewed on devices other than your computer monitor.

Correct Answer: BDF

---

### QUESTION 4

In order to navigate quickly, you want to set a representative frame that will be displayed as the thumbnail picture in the Project panel. What should you do?

- A. go to Preferences > Display, and check Disable Thumbnails in Project Panel
- B. place the Current Time Indicator on the desired frame, go to Composition > Pre-render
- C. place the Current Time Indicator on the desired frame and press on the Take Snapshot icon
- D. place the Current Time Indicator on the desired frame, go to Composition > Set Poster Time

Correct Answer: D

---

### QUESTION 5

To add a blank composition marker during a RAM preview or audio-only preview without interrupting playback, what should you do? (Choose two.)

- A. deselect all layers before playback
- B. select the desired layer before playback
- C. press \* on the numeric keypad during playback
- D. press Alt (Option) + \* on the numeric keypad during playback

Correct Answer: AC
