QUESTION 2

You are creating a newsletter in InDesign. You have applied page transitions on several pages of this document.

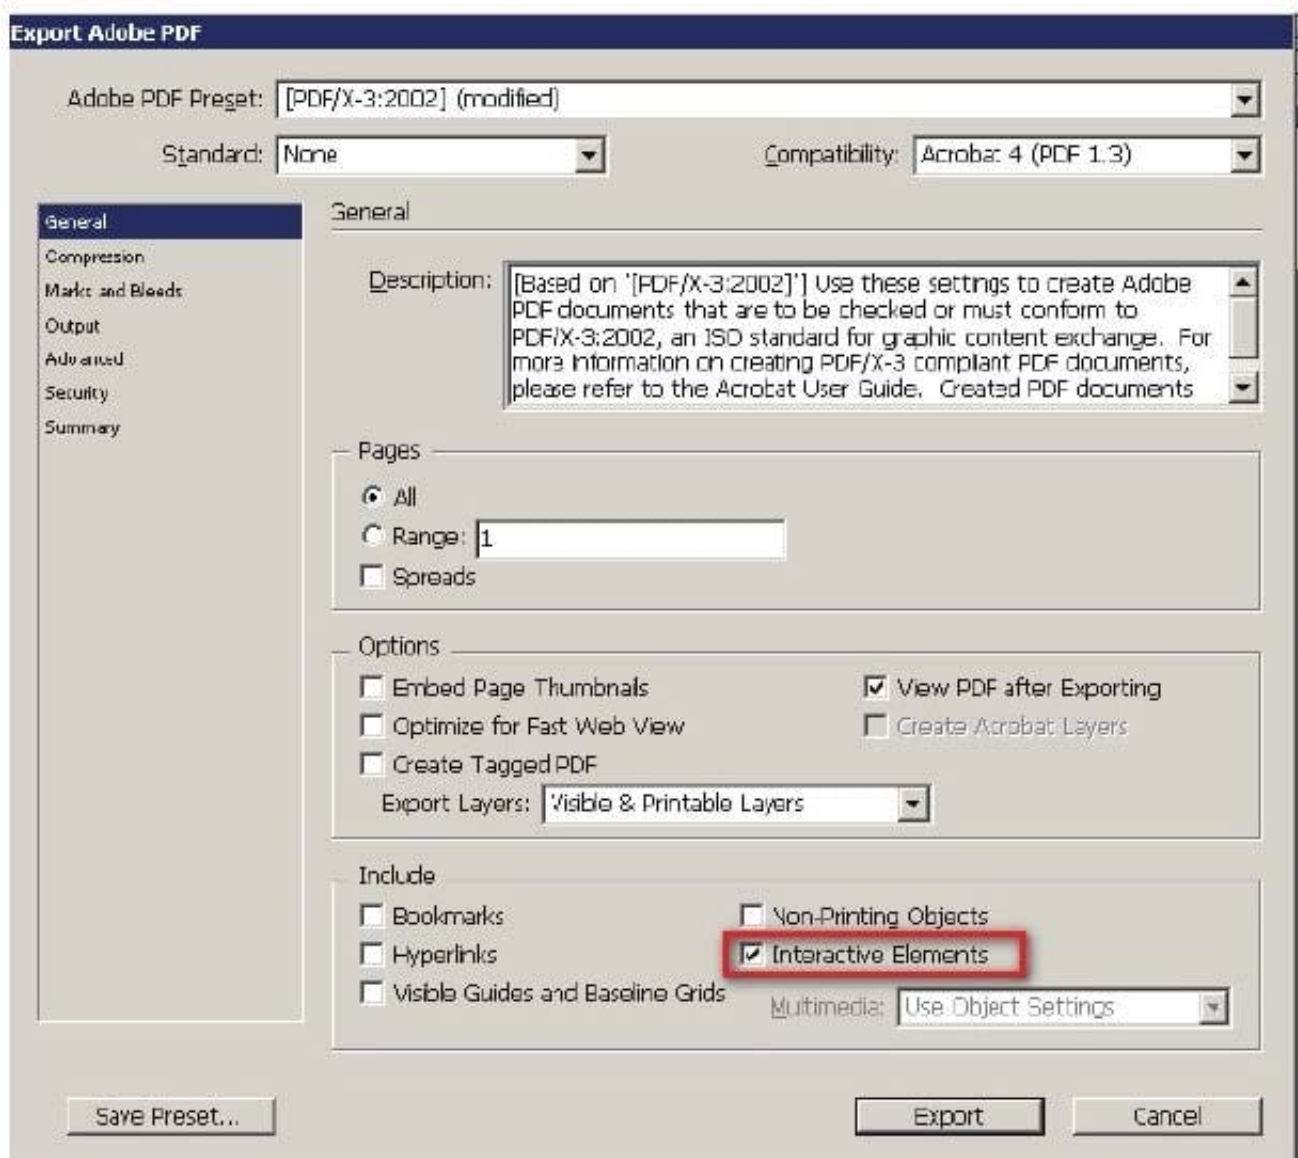

What will you do to include page transitions when you export the PDF document?

- A. Select the Bookmarks option in the Export PDF dialog box.
- B. Select the Non-Printing Objects option in the Export PDF dialog box.
- C. Select the Interactive Elements option in the Export PDF dialog box.
- D. Select the Embed Page Thumbnails option in the Export PDF dialog box.

Correct Answer: C

To include page transitions when you export the PDF document, you have to select the Interactive Elements option in the Export PDF dialog box. The following diagram shows the Interactive Elements option in the Export PDF dialog box.

Answer: D is incorrect. Select this option to create a thumbnail preview for each page being exported. Adding thumbnails increases the PDF file size.

Answer: A is incorrect. Select this option to create bookmarks for table of contents entries, preserving the TOC levels. Bookmarks are created from the information specified in the Bookmarks panel.

Answer: B is incorrect. Select this option to export objects to which you have applied the Non- Printing option in the Attributes panel.
