QUESTION 1

You are converting one image file format to another using FTK Imager. Why are the hash values of the original image and the resulting new image the same?

- A. because FTK Imager's progress bar tracks the conversion
- B. because FTK Imager verifies the amount of data converted
- C. because FTK Imager compares the elapsed time of conversion
- D. because FTK Imager hashes only the data during the conversion

Correct Answer: D

QUESTION 2

Which Registry Viewer function would allow you to automatically document multiple unknown user names?

- A. Add to Report
- B. Export User List
- C. Add to Report with Children
- D. Summary Report with Wildcard

Correct Answer: D

QUESTION 3

Using the FTK Report Wizard, which two options are available in the List by File Path window? (Choose two.)

- A. List File Properties
- B. Export to the Report
- C. Apply a Filter to the List
- D. Include Registry Viewer Reports

Correct Answer: BC

**QUESTION 4**

During the execution of a search warrant, you image a suspect drive using FTK Imager and store the Raw(dd) image files on a portable drive. Later, these files are transferred to a server for storage. How do you verify that the information stored on the server is unaltered?

- A. open and view the Summary file
- B. load the image into FTK and it automatically performs file verification
- C. in FTK Imager, use the Verify Drive/Image function to automatically compare a calculated hash with a stored hash
- D. use FTK Imager to create a verification hash and manually compare that value to the value stored in the Summary file

Correct Answer: D

QUESTION 5

You have processed a case in FTK using all the default options. The investigator supplies you with a list of 400 names in an electronic format. What is the quickest way to search unallocated space for all of these names?

- A. build adtSearch string with all 400 names
- B. create a Regular Expression with all the names
- C. make an imported text file of the names in Live Search
- D. use an imported text file containing the names in Indexed Search

Correct Answer: D
