QUESTION 1

CeCe, the IBM Domino administrator, is looking for a Domino server task that will handle many routine tasks for her, such as: names changes, out of office agents, mail and calendar delegation, and roaming users. Which server task does these things?

- A. Agent Manager
- B. Global Services
- C. Certificate Authority
- D. Administration Process

Correct Answer: D

QUESTION 2

The notes.ini file was accidentally deleted on a user's workstation. Chris is manually recreating the notes.ini file on the local workstation. Which of the following are the required first three lines of the notes.ini?

- A. [Notes] Domain= Names=
- B. [Notes] SetupDb= Log=
- C. [Notes] Directory= KitType=1
- D. [Notes] Ports= KeyFileName=

Correct Answer: C

QUESTION 3

Paul has configured Directory Assistance to use the cluster failover method. How did he configure this?

- A. He specified a single replica of a directory in the Directory Assistance database.
- B. He specified all replicas located in the cluster of a directory in the Directory Assistance database.
- C. He specified all replicas located in the domain of a directory in the Directory Assistance database.
- D. He specified a numerical search order for all replicas in the domain of a directory in the Directory Assistance database.

Correct Answer: A

QUESTION 4

Kat is setting up an LDAP client to connect to the IBM Domino LDAP service. Which statement is true about the LDAP

service that Kat wants to connect to?

- A. Kat would have to set up Directory Assistance before an LDAP service can be started.
- B. Kat would have to set up a Directory Catalog before an LDAP service can be configured.
- C. The LDAP task is not necessary for Kat to connect to the LDAP service. She should be able to connect to the Domino Directory using an LDAP client.
- D. The LDAP task runs automatically on the administration server for the primary Domino Directory. On other servers in the domain, Kat would have to run the LDAP task manually.

Correct Answer: D

QUESTION 5

Which is the minimum IBM Domino version certified for direct upgrade to version 9.0?

- A. 6.5.x
- B. 7.x
- C. 8.0.x
- D. 9.0.x

Correct Answer: A
