QUESTION 1

What type of directory catalog can be used with Directory Assistance?

- A. Domain Catalog
- B. Personal Address Book
- C. Extended Directory Catalog
- D. Condensed Directory Catalog

Correct Answer: C

QUESTION 2

The IBM Domino Configuration Tuner database in the environment contains outdated rulesets. In what way are new rules applied?

- A. The new rules must be manually copied from the Domino server into the existing database.
- B. The new template design is retrieved from the Domino server and applied to the database with the new rules.
- C. The new rules must be manually created for the environment from the descriptors provided by the Domino server.
- D. The Domino Configuration Tuner server task must be stopped, and the existing database must be deleted. Restarting the Domino Configuration Tuner task will build a database with the new rulesets.

Correct Answer: B

QUESTION 3

The following command is issued at the IBM Domino server console: `sh users >c:\userinfo.txt` What are the results of this command?

- A. User information in the userinfo.txt file will be output to the server console.
- B. A list of all users from the Domino Directory will be saved to the userinfo.txt file.
- C. A list of users currently accessing the userinfo.txt file is displayed in the server console.
- D. Status information of all active users (established sessions with the server) will be output to the userinfo.txt file.

Correct Answer: D

QUESTION 4

Dani would like to collaborate with Teri on a Project. Teri has recommended that they use the IBM Connections Activities feature from within the IBM Notes client. Which Activities features are available to them within the Notes

client?

- A. Activities features are not accessible from within Notes.
- B. They can copy an Activities link using a browser and then paste the link in Notes and email it.
- C. They can collaborate on a project using the Activities sidebar and display Activities to-do items in the Notes calendar.
- D. They can access the Activities feature directly and then right-mouse click on a document and select the email option to share with team member.

Correct Answer: C
