QUESTION 1

Jen added an Application Layout control to the ccAppLayout custom control she is developing. To the titleBarTabs in the configuration she added three nodes to open an XPage with a Domino View data source in the Customers, Parts and Sales applications respectively. The label property for the three tabs she set to "Customers Application", "Parts application" and "Sales Application". What must Jen do to show the "Customers Application" tab as selected when any of the "Customers" XPages is rendered in a browser?

A. For all the Customers XPages, set the showTabSelected property to "Customers Application".

B. For all the Customers XPages prefix the XPage name of with "Cust_" and set the selectedPrefix property to "Cust_" for the node where label="Customers Application".

C. For all the Customers XPages, prefix the XPage name of with "Cust_" and set the selected property to "Cust_*" for the node where label="Customers Application".

D. For all the Customers XPages, pass a navigation path string to the navigationPath property in the configuration and code the selectionproperty for the node where label="Customers Application" with a regular expression to match all the navigationpath for all the Customers XPages.

Correct Answer: D

QUESTION 2

William wants to show line numbers in the Source Editor. How can he accomplish that?

A. Right-click on the bar at the left-hand side of the editable area and select "Show Line Numbers".

B. Right-click in the editable area and select Preferences > Check the option to show line numbers.

C. Right-click on the bar at the left-hand side of the editable area and select "Enable Line Numbers".

D. Right-click on the bar at the left-hand side of the editable area and select "Folding" > Enable Folding.

Correct Answer: A

QUESTION 3

Which statement is true about the Application Layout control?

A. The Application Layout control provides a consistent interface when added directly to each XPage in an application.

B. To render properly, the Application Layout control must implement one of the oneuiv2.1 themes or a theme that extends a oneuiv2.1 theme.

C. The Application Layout control includes a total of three facet areas for adding content (left, center and right columns) and three bar areas foricons, titles, links and drop down menus.

D. When the Application Layout control is enabled for an application each XPage will include a left, center and right column area with the samedimensions to provide a consistent user interface across the application.

Correct Answer: B

QUESTION 4
