QUESTION 1

Within the JavaServer Faces (JSF) lifecycle the "view" which contains all the GUI components is managed internally by which object?

- A. Faces
- B. viewRoot
- C. FacesServlet
- D. FacesContext

Correct Answer: D

QUESTION 2

Helen is using a Repeat control to add a row to a table for each view entry in a Domino View data source. When she tests her code she sees 10 tables and not one table with 10 rows. How could she correct this?

- A. In the Output section select the "Create as a Table" option and individually add the fields to be displayed.
- B. Use the ignoreTableHeader property of the repeat control to suppress the creation of multiple tables.
- C. Change the number of rows to be displayed from 100 to 10 and that will create only one table with 10 rows.
- D. Take the Table Header row and Footer row lines of source code and move them outside of the repeat control.

Correct Answer: D

QUESTION 3

Greg is designing a mobile application and would like to provide his mobile application users with a wheel selector interface to set a date value. How can he add a date wheel selector interface to his mobile input page?

- A. Add an Edit Box control with the property and value of type="date".
- B. Add a Edit Box control with the property and value of type="dateOnly".
- C. Add a Date Time Picker control with the property and value of type="date".
- D. Add a Date Time Picker control with the property and value of type="dateOnly".

Correct Answer: A

QUESTION 4

Which property of the Form Table control is used to display an asterisk (*) before the label for any required fields?

- A. showRequiredMarks
- B. enableRequiredMarks
- C. displayRequiredMarks
- D. disableRequiredMarks

Correct Answer: D

QUESTION 5

What would this code snippet accomplish when added to an XPage application?

```
<?xml version="1.0" encoding="UTF-8"?>
<xp:view xmlns:xf="http://www.ibm.com/xsp/core">
  <xp:this.data>
    <xp:dominoDocument var="document1" formName="main"></xp:dominoDocument>
    <xp:dominoView var="view1" viewName="main"></xp:dominoView>
  </xp:this.data>
</xp:view>
```

- A. defines a view as a Domino View data source
- B. defines a form as a Domino Document data source
- C. defines two forms as Domino Document data sources
- D. defines a Domino Document and a Domino View data source

Correct Answer: D
