QUESTION 1

Adam works as the IBM Web Content Manager administrator within the Finance department. One of the authoring templates within his library is called Results. Within this authoring template, his content authors enter how many products, such as teddy bears, have been purchased. Currently all fields within this authoring template have been created as text fields.

How can Adam ensure that his content authors enter whole numbers?

A. Adam must change the fields within the Results authoring template from Text to Number.

B. Adam must change the fields within the Results authoring template from Text to Currency.

C. Adam must change the fields within the Results authoring template from Text to Currency. Within the field properties, he should set the minimum and maximum values.

D. Adam must change the fields within the Results authoring template from Text to Numbers. Within the field properties, he should select the Whole Numbers Only radio button.

Correct Answer: D
