- ⚙️ **365 Days** Free Update
- ⚙️ **800,000+** Satisfied Customers

### QUESTION 1

You want to do a full table scan on your data. You decide to disable block caching to see if this improves scan performance. Will disabling block caching improve scan performance?

- A. No. Disabling block caching does not improve scan performance.
- B. Yes. When you disable block caching, you free up that memory for other operations. With a full table scan, you cannot take advantage of block caching anyway because your entire table won't fit into cache.
- C. No. If you disable block caching, HBase must read each block index from disk for each scan, thereby decreasing scan performance.
- D. Yes. When you disable block caching, you free up memory for MemStore, which improves scan performance.

Correct Answer: B

---

### QUESTION 2

You have a total of three tables stored in HBase. Exchanging catalog regions, how many regions will your RegionServers have?

- A. Exactly three
- B. Exactly one
- C. At least one
- D. At least three

Correct Answer: B

---

### QUESTION 3

Data is written to the HLog in which of the following orders?

- A. In order of writes
- B. In order of writes, separated by region
- C. Ascending first by region and second by row key
- D. Descending first by region and second by row key

Correct Answer: D

---

### QUESTION 4

You have images stored in HBase, which you need to retrieve from within your application. In which format will your

data be returned from an HBase scan?

- A. Uninterpreted array of bytes
- B. Java string literal
- C. Hexadecimal
- D. Blob datatype

Correct Answer: D

---

#### QUESTION 5

Given that the following is your entire dataset:

100 column=Managers:Name, timestamp=13313141762084, value=Steve 100 column=Manage:Salary, timestamp=13313141762086, value=80000 100 column=Skills:Skill\_1, timestamp=13313141762089, value=Hadoop 100 column=Skills:Skill\_2, timestamp=13313141762092, value=HBase

How many regions will be read during a scan of the entire dataset?

- A. Four
- B. Two
- C. One
- D. Three

Correct Answer: A
