Correct Answer: A

QUESTION 5

A project that requires an ISO certification may or may not require tasks for completing necessary documentation. Those projects that do not require the certification should not include those tasks. In such a case, the question "Does the Project require ISO certification?" can be added to the project template. When you create a project based on the template, the Create Project wizard presents the question. If you respond Yes to the question, then the tasks is:

A. immediately deleted without prompting for a confirmation

B. promoted to Inactive

C. added to the project

D. populated with start and finish dates

Correct Answer: C
