### QUESTION 1

You have correctly enabled meeting email notifications by defining the appropriate SMTP options on the IVE device's Secure Meeting configuration page. However, when new meetings are created, invitees do not receive the emails. What might be causing this problem?

- A. You have not specified the IVE device's fully qualified hostname on the Network configuration page.
- B. The time is not synchronized between the IVE device and the SMTP server.
- C. You have chosen to "Hide attendee names" when specifying meeting options.
- D. You have invited attendees with email addresses in a domain that is not registered on the Secure Meeting configuration page.

Correct Answer: A

---
