### QUESTION 1

You are responsible for a customer's fixed-price project. The customer requests that you provide additional spare parts. The purchase of these spare parts falls outside the scope of the project. You need to ensure that the customer is charged for the spare parts.

How should you create the sales order so that the customer is invoiced for the spare parts?

- A. Create the sales order by using a subproject of the type cost.
- B. Create the sales order by using a subproject of the type time and material.
- C. The sales order cannot be created because this is a fixed-price project.
- D. Create the sales order from the fixed-price project and ensure that the line property for the order lines is chargeable to the customer.

Correct Answer: B

---
