- C. Department of Health and Human Services (HHS)
- D. Department of Justice (DOJ)

Correct Answer: C

---

### QUESTION 4

The following statements are about chronic and disabling conditions among children eligible for Medicaid. Three of the

---

statements are true and one is false. Select the answer choice containing the FALSE statement.

- A. Children with chronic conditions use more physician and nonphysician professional services than do children in the general population.
- B. The majority of chronic conditions affecting children in Medicaid programs are the same as those affecting children in the general population.
- C. Medicaid-eligible children are at risk for serious mental and physical conditions.
- D. Children in Medicaid programs have a higher incidence of chronic disabling conditions than do children in the general population.

Correct Answer: B

---

#### QUESTION 5

The Glenway Health Plan's pharmacy and therapeutics (P&T) committee conducted pharmacoeconomic research to measure both the clinical outcomes and costs of two new cholesterol-reducing drugs. Results were presented as a ratio showing the cost required to produce a 1 mcg/l decrease in cholesterol levels. The type of pharmacoeconomic research that Glenway conducted in this situation was most likely

- A. cost-effectiveness analysis (CEA)
- B. cost-minimization analysis (CMA)
- C. cost-utility analysis (CUA)
- D. cost of illness analysis (COI)

Correct Answer: A
