| QUESTION 1  |  |  |  |
|---|--|--|--|
| Blistering, HIC, SOHIC and SSC damage can occur wherever there is a environment.  |  |  |  |
| A. Wet H <sup>2</sup> S   |  |  |  |
| B. Hydrogen   |  |  |  |
| C. Sulfur   |  |  |  |
| D. Aqueous  |  |  |  |
| Correct Answer: A   |  |  |  |
| QUESTION 2  |  |  |  |
| Steel cleanliness and have a significant influence on toughness and resistance to brittle fracture.   |  |  |  |
| A. Composition  |  |  |  |
| B. Alloy  |  |  |  |
| C. Grain size   |  |  |  |
| D. None of the above  |  |  |  |
| Correct Answer: C   |  |  |  |
| QUESTION 3  |  |  |  |
| Cooling water corrosion can result in many different forms of damage including general corrosion, pitting corrosion, stress corrosion cracking and fouling. |  |  |  |
| A. MIC  |  |  |  |
| B. HIC  |  |  |  |
| C. SOHIC  |  |  |  |
| D. All of the above   |  |  |  |
| Correct Answer: A   |  |  |  |
| QUESTION 4  |  |  |  |
| Stress ruptures are characterized by failures and are usually accompanied by thinning at the fracture surface.  |  |  |  |

| A. Rapid                             |                       |                    |
|--------------------------------------|-----------------------|--------------------|
| B. Fish-mouth                        |                       |                    |
| C. Tensile                           |                       |                    |
| D. None of the above                 |                       |                    |
| Correct Answer: B                    |                       |                    |
|                                      |                       |                    |
| QUESTION 5                           |                       |                    |
| Ammonium chloride salts may be white | tish, greenish or     |                    |
| A. Reddish                           |                       |                    |
| B. Brownish                          |                       |                    |
| C. Yellowish                         |                       |                    |
| D. Bluish                            |                       |                    |
| Correct Answer: B                    |                       |                    |
|                                      |                       |                    |
