QUESTION 1

A customer has two POWER8 processor-based servers with eight partitions on each system. They are upgrading to two POWER9 processor-based servers and want to improve their application uptime during the upgrade/migration to the new servers.

What feature should they implement?

- A. Live Partition Mobility between servers
- B. Remote Recovery on both servers
- C. Active Memory Expansion on each server
- D. Memory Deduplication between servers

Correct Answer: C

QUESTION 2

When using Mobile Activations in Power Enterprise Pools and LPM (Live Partition Mobility) migration, which of the following is true?

- A. The target system must have available inactive CoD capacity.
- B. Additional PowerVM licenses for the target system must be purchased.
- C. The customer must return the mobile activations to the source systems processor pool within 30 days.
- D. The customer must notify IBM prior to moving activations to the target system.

Correct Answer: B

QUESTION 3

An IBM Business Partner is designing a production system for SAP HANA with multiple virtual machines.

Which feature of a Power System E980 server is an advantage over an x86 server for the customer?

- A. Memory bandwidth and Level 4 cache
- B. 12-way simultaneous multithreading
- C. Takes advantage of DDR3 memory
- D. Number of cores per socket

Correct Answer: A

QUESTION 4

Which of the following can be moved from a Power System 770 to a Power System E980 when doing a migration?

- A. PCIe 12X I/O drawers #5802/5877
- B. EXP30 SSD I/O drawer
- C. EXP24S SAS Storage Enclosure
- D. Memory DIMMs

Correct Answer: D

QUESTION 5

A customer has ordered Capacity on Demand (CoD) for their server, and would like to implement it in their environment.

To use CoD, they download an activation code from the IBM:

- A. CoD website and enter it using the HMC.
- B. CoD website and enter it into the partition profile.
- C. Entitled System Support website and enter it into the partition profile.
- D. Entitled System Support website and enter it using the HMC.

Correct Answer: A
