### QUESTION 1

A company wishes to coordinate the anticipated hiring activities of all of the departments in a given division of the organization. The CEO has mandated a limit of 50 total new hires for the coming fiscal year. The various departments must coordinate future hiring. The CEO would also like to see reports comparing the projected hiring vs. the actual number of new hires by department.

Which set of Cognos 8 components BEST supports the company's needs?

- A. Planning and Report Studio
- B. Report Studio and Analysis Studio
- C. Event Studio and Report Studio
- D. Planning and Data Manager

Correct Answer: A

---

### QUESTION 2

Which of the following statements describes the critical differences between a managed report and a query?

- A. A managed report is intended to be run on a regular execution schedule from a background batch process whereas a query is run interactively.
- B. A managed report is authored by trained developers whereas a query is authored by either trained developers or end users.
- C. A managed report is intended to be run on a regular execution schedule whereas a query is intended to be authored and run on-demand.
- D. A managed report prompts users for run-time parameters whereas a query does not.

Correct Answer: C

---

### QUESTION 3

Which of the following statements is true about the Waterfall Approach?

- A. The five steps in the process are considered valid for BI software development projects.
- B. Each step is performed in sequence but you return to previous steps at specific points in the development cycle.
- C. It is designed so that requirements that are not discovered in the Analysis step will cascade out during the design phase.
- D. Project management tools no longer encourage the Waterfall Approach.

Correct Answer: A

---

#### QUESTION 4

A user makes the following request: "I need to see the number of flights throughout the year that arrived or departed more than 15 minutes early or late by origin and destination airport, by carrier, and by time of day. I want to see if the number of flights delayed is greater for large carriers or small carriers." This request requires clarification to make the user's intention clear.

Which of the following will NOT further clarify the user's request?

- A. Determine if origin and destination airports should be considered joined pairs (for example, from DFW to ORD) or as separate dimensions.
- B. Determine if 15 minutes is the only significant grouping of late or early departures or arrivals.
- C. Determine the definition of a large and small carrier.
- D. Determine if Date and Time of Day should be split into separate dimensions.

Correct Answer: D

---

#### QUESTION 5

Which of the following BEST describes the group of users who would typically use these Cognos8 components: Metric Studio, Analysis Studio, and Query Studio?

- A. Executives
- B. Analysts and Authors
- C. Knowledge workers and decision makers
- D. Information Consumers

Correct Answer: C
