-  **365 Days** Free Update
-  **800,000+** Satisfied Customers

QUESTION 1

ENISA: Because it is practically impossible to process data in encrypted form, customers should have the following expectation of cloud providers:

- A. Provider should be PCI compliant
- B. Provider should immediately notify customer whenever data is in plaintext form
- C. Provider must be highly trustworthy and have compensating controls to protect customer data when it is in plaintext form
- D. Provider should always manage customer encryption keys with hardware security module (HSM) storage
- E. Homomorphic encryption should be implemented where necessary

Correct Answer: D

QUESTION 2

What is resource pooling?

- A. The provider's computing resources are pooled to serve multiple consumers.
- B. Internet-based CPUs are pooled to enable multi-threading.
- C. The dedicated computing resources of each client are pooled together in a colocation facility.
- D. Placing Internet (cloud) data centers near multiple sources of energy, such as hydroelectric dams.
- E. None of the above.

Correct Answer: A

QUESTION 3

What factors should you understand about the data specifically due to legal, regulatory, and jurisdictional factors?

- A. The physical location of the data and how it is accessed
- B. The fragmentation and encryption algorithms employed
- C. The language of the data and how it affects the user
- D. The implications of storing complex information on simple storage systems
- E. The actual size of the data and the storage format

Correct Answer: A

QUESTION 4

Absent other evidence, such as tampering or hacking, documents should not be considered more or less admissible or credible because they were created or stored in the cloud.

- A. True
- B. False

Correct Answer: A

QUESTION 5

Which type of application security testing involves manual activity that is not necessarily integrated into automated testing?

- A. Code Review
- B. Static Application Security Testing (SAST)
- C. Unit Testing
- D. Functional Testing
- E. Dynamic Application Security Testing (DAST)

Correct Answer: D
