QUESTION 1

Which of the following BEST enables an enterprise to show and prove the benefits realized from the implementation of an EGIT program plan?

A. Adopting performance metrics that are easy to achieve

B. Tracking expected benefits and targets until program implementation

C. Delivering a solution from a long-term and complex project

D. Communicating the results and benefits in business impact terms

Correct Answer: D

Communicating the results and benefits of an EGIT program plan in business impact terms is essential for an enterprise to be able to show and prove the benefits realized from the implementation. This includes providing clear evidence of how the program plan has created value, such as increased efficiency, cost savings, and improved customer satisfaction. Additionally, it is important to ensure that the results and benefits are communicated to all relevant stakeholders to ensure that they are aware of the value created.
