Following Questions and Answers are all new published by EMC Official Exam Center

QUESTION 1

Which Dell EMC Converged Infrastructure system is designed for the mid-market segment?

A. VxRail

B. VxBlock 300

C. VxBlock 700

D. VxBlock 500

Correct Answer: A

The new VxRail Appliances 4.5 deliver a number of new features designed for enterprise-class customers with optional integration with Dell EMC PowerEdge 14th generation servers. Historically, VxRail had been focused on mid-market customers, but as the use cases for HCI have expanded to include applications such as CRM, databases and others that are used to run businesses, the appeal has expanded to enterprise-class customers.
