QUESTION 1

Although a high concentration of cholesterol in the blood increases the body's ability to fight off infections it typically also increases the risk of dying from a stroke or heart attack, two of the most common causes of death. However, in a recently completed ten-year study of people eighty-five and older, higher cholesterol levels tended to be associated with greater longevity.

Which of the following, if true, most helps to explain the contrast between the highlighted effect of high cholesterol levels and the result of the study?

- A. Both heart attacks and strokes are typically brought on by an obstruction of the flow of blood through a blood vessel.
- B. Blood cholesterol levels can be controlled in part by suitable dietary regimens.
- C. Among the participants in the study, the proportion with very high blood cholesterol levels was higher than among the general population.
- D. Regular monitoring of the participants in the study revealed that most of them maintained relatively stable blood cholesterol levels over time.
- E. As people age, the body's ability to fight off infections diminishes.

Correct Answer: D

QUESTION 2

At a grocery store, Joe bought n bottles of a certain shampoo for a total price of \$12.00. At a drugstore, Ann bought $2n$ bottles of the same shampoo for a total price of \$16.00.

Quantity A

Quantity B

The amount by which the price per bottle of the n bottles Joe bought exceeds the price per bottle of the $2n$ bottles Ann bought

$\frac{5}{n}$ dollars

- A. Quantity A is greater.
- B. Quantity B is greater.
- C. The two quantities are equal.
- D. The relationship cannot be determined from the information given.

Correct Answer: B

QUESTION 3

The physical act of drinking may seem _____ to humans since we can fully close our mouths to create suction, but

species that cannot do so, including most adult carnivores, must resort to some other mechanism.

- A. necessary
- B. innocuous
- C. uncommon
- D. complicated
- E. tedious
- F. ordinary

Correct Answer: E

QUESTION 4

Exhibit.

Maize Production and Uses in the United States

Annual Production, 2012–2017

Note: 1 tonne = 1,000 kilograms.

Uses, 2017

Use	Percent of Production
Feed	39%
Ethanol and fuel	27%
Exports	16%
Food and industrial use	9%
Residual	9%

In 2017, if 19 percent of the maize production that was used for feed was used for dairy cows, approximately how many tonnes of the maize production was feed used for dairy cows\`1

- A. 27 million
- B. 70 million
- C. 145 million
- D. 181 million
- E. 215 million

Correct Answer: A

QUESTION 5

In the late eighteenth and early nineteenth centuries, during the period of the American Revolution and the early republic, political poems appeared regularly in newspapers and pamphlets, commenting on the issues and controversies engaging the new nation. Given the sheer number of poems that engaged explicitly with politics, one might wonder why the form has remained largely ignored by scholars of early American literature even as many other once obscure forms--sentimental novels, diaries, travelogues, belles lettres--have enjoyed unprecedented scholarly interest in recent decades. Part of the reason may stem from frustrations involved with reading poems that are so highly topical--often requiring, even as a condition of first-level comprehension, a familiarity with names and references that, while wholly recognizable in their own time, are obscure to modern readers. Yet beyond this is the fact that American political verse from the eighteenth and early nineteenth centuries has never fully shaken off the verdict, delivered by its earliest generation of scholarly readers, that it is simply unworthy of serious attention as literature. Even the term commonly used to describe it--"verse," as opposed to "poetry"--suggests an occasional or forgettable, rather than enduring, form of expression, not quite deserving the designation of poetry. Nor was such verse considered by early critics as worthy of the designation "American," as the tendency of eighteenth-century American poets to model their works on those of British precursors suggested an unforgivable failure, as one critic described it, to declare their "literary independence" from Britain.

Though_____in his musical expression, the American jazz bassist and composer Charles Mingus eventually developed a personal voice that proved to be much more than a simple mixture of jazz styles.

- A. eclectic
- B. idiosyncratic
- C. uncompromising
- D. virtuosic
- E. wide-ranging
- F. relentless

Correct Answer: DE
