QUESTION 1

A customer has a virtualized environment but has not implemented any cloud services. Is this customer qualified for an HP Helion solution?

- A. This customer is qualified, particularly if the company is trying to increase service automation
- B. This customer is not qualified because the virtualized environment provides the same benefits as cloud services
- C. This customer is qualified, particularly if the company is trying to increase its investment in capital expenditures
- D. This customer is not qualified because HP Helion is only targeted at customers who have already begun to implement cloud services.

Correct Answer: C

QUESTION 2

Which cloud solution provides the functional advantages of a private cloud but is hosted and managed at an HP data center?

- A. HP Helion Enterprise Cloud
- B. HP Helion Managed Virtual Private Cloud
- C. HP Helion Public Cloud
- D. HP Helion Hybrid Cloud

Correct Answer: D
