QUESTION 1

Is this a best practice for enabling encryption inside Veeam? Solution: Encryption should be enabled at the HPE StoreOnce level since encryption Inside Veeam would make deduplication impossible.

A. Yes

B. No

Correct Answer: B

QUESTION 2

Your customer deployed Micro Focus Data Protector as the data protection solution for their HPE 3PAR storage infrastructure in combination with HPE StoreOnce appliances.They contact you regarding options to extend data protection towards the cloud Is this a valid option for your customer? Solution Micro Focus Data Protector has no native cloud Integration and is dependent of the backup target appliance to send data towards solutions like HPE StoreOnce Cloud Bank

A. Yes

B. No

Correct Answer: A

QUESTION 3

As It relates to application consistent backups, does this statement accurately describe the volume Shadow copy Service (VSS)? Solution:The use of the VSS mechanism is only possible on Windows based VM\\'s

A. Yes

B. No

Correct Answer: A

QUESTION 4

You have a meeting with a customer to discuss a new backup solution requirement is this a step In the information gathering process for the current solution? Solution:Ask the customer to run the HPE SAF Collector to create the typical output files, which are needed for import into NinjaStars for a correct sizing for the new desired solution.

A. Yes

B. No

Correct Answer: B

QUESTION 5

The customer currently has one HPE 3PAR and two Nimble storage arrays connected via Fibre Channel (FC) to 12 HPE OL380 servers running VMware They make backups with Commvault to HPE StoreEver tape libraries. They also make snapshots inside the storage array, to lower RTO and RPO. They store the snapshots on the array itself, and fear that they might be vulnerable to array failures They want to maintain their low RTO and RPO objectives while storing data outside the array is this a valid option for the customer? Solution: Use HPE infoSight for autonomous data protection, storing data on multiple arrays based on predictive analytics defined policies

A. Yes

B. No

Correct Answer: A
