QUESTION 1

What has been a hallmark of HPE from the time it started?

- A. innovative solutions
- B. converged infrastructure
- C. conventional paradigms
- D. IT as a service

Correct Answer: A

QUESTION 2

What is the appropriate use case for a hybrid solution?

- A. When legacy systems are no longer in use
- B. When there is a need for low-speed network connectivity
- C. When scalability and flexibility are critical requirements
- D. When data needs to be stored on-premises

Correct Answer: C

QUESTION 3

You have identified a potential hybrid IT prospect. This customer has already virtualized much of the data center, although a few workloads run on bare metal. The customer also has some cloud services. The customer wants to continue using some public cloud services but bring other services back to the data center.

Which approach should you take with this customer?

- A. Approach the customer with a pre-packaged HPE private cloud built on hyper converged Infrastructure.
- B. Avoid wasting more time on this opportunity because the customer is already committed to public cloud.
- C. Take a services-led approach to help the customer unify their services in an automated hybrid cloud.
- D. Help the customer plan how to update their database applications to better support big data and cloud object storage.

Correct Answer: A

QUESTION 4

Which business sector is an ideal target for HPE Intelligent Edge solutions that help to transform the customer experience?

- A. hospitality
- B. government
- C. manufacturing
- D. shipping

Correct Answer: C

QUESTION 5

A customer is concerned about security and compliance with regulations. Which benefit does an HPE hosted desktop solution provide?

- A. It automatically deploys patches to all desktops at the network edge.
- B. It ensures that all data remains securely in the data center.
- C. It includes security monitoring as a service as part of the solution.
- D. It embeds a silicon root of trust in every desktop.

Correct Answer: B
