QUESTION 1

What is a benefit of HPE Oneview?

- A. It simplifies and automates server lifecycle maintenance tasks such as firmware updates.
- B. It helps developers to obtain the tools and environments that they need through a self-service portal.
- C. It allows customers to manage their HPE GreenLakeflex Capacity subscription and other support services.
- D. It provides a single management platform for monitoring third-party applications in the HPE partner ecosystem.

Correct Answer: C

QUESTION 2

What is the way public cloud solutions introduce security risks to customers?

- A. By law, public cloud providers are required to disclose the names and locations of their customers.
- B. The shared, multi-tenant nature of the public cloud opens up additional avenues of attack.
- C. It is easier to code viruses for the public cloud, making it a common starting point for hackers.
- D. Public cloud providers offer zero security measures so any one can access confidential data at any time.

Correct Answer: D

QUESTION 3

What is the way disruptive technologies are effecting the security landscape?

- A. Attackers are using Artificial intelligence to manipulate data so that companies cannot trust the integrity of the data.
- B. Internet of Things (IoT) devices are making it easier for companies to secure their edge.
- C. Ransomware attacks are no longer a threat because a majority of companies now patch their endpoints.
- D. Fewer attacks are being launched on infrastructure devices as attackers focus their attention on phishing and ransomware attacks.

Correct Answer: D

QUESTION 4

What is a way that HPE GreenLake Flex Capacity helps customers to reduce risk?

- A. It uses an AI-driven approach to capacity optimization, which reduces the risks that arise from human error.

- B. It enables customers to connect rack servers over a flat network infrastructure, which has a lower risk of failure.
- C. It uses a multi-cloud approach, which reduces vendor lock-in and also increases availability for resources.
- D. It lets them avoid the security and availability risks of public cloud while achieving high scalability.

Correct Answer: D

QUESTION 5

What is the topic appropriate to opening a conversation about HPE software-defined solutions?

- A. why a CAPEX funding model is the best choice for on-premises software-defined resources
- B. why users need better performing networks in order to run the latest software and apps
- C. how much training IT staff have in emerging technologies such as big data and AI
- D. how much visibility and control the customer has over resources in the hybrid cloud

Correct Answer: C
