QUESTION 1

For which customer would you recommend the HPE ProLiant DL380 Gen10 Server?

A. A customer needs an affordable server for a home office.

B. A customer is looking for a tower server for a remote office.

C. A customer wants a server to run low scale file and print.

D. A customer wants to run multiple workloads on the same server.

Correct Answer: D

QUESTION 2

What benefit does the Aruba AppRF feature provide your customers?

A. It dynamically adjusts the radio power to reduce interference in high-density AP environments.

B. It connects clients to the best available AP, eliminating issues caused by clients that stick to an AP even if the signal strength is weak.

C. It inspects wireless traffic to monitor how applications are used and to give priority to business-critical applications.

D. It improves wireless performance by moving AP radios to channels that are not experiencing RF interference.

Correct Answer: C

QUESTION 4

A customer wants to upgrade their 802.11a/b/g APs to 802.11ac APs. However, the customer does not want to refresh their aging wired infrastructure, which is from another vendor, because most users access the network from a wireless connection.

Why should you recommend that the customer update the wired network?

A. Customers should update wired infrastructure every two years to take advantage of new features.

B. Customers can simply ensure their switch software is up to date.

C. The 802.11ac APs support higher bandwidth, which requires a stronger wired backbone.

D. Aruba wireless technologies require an Aruba wired environment to function properly and deliver business benefits.

Correct Answer: D

QUESTION 5

Your customer explains that downtime costs the company too much time and money. The customer wants to build resiliency into the wired network.

Which switch supports the virtual switching framework (VSF) providing resiliency at the access layer?

A. Aruba 2530 Series Switch

B. Aruba 2930F Series Switch

C. Aruba 2540 Series Switch

D. Aruba 3810M Series Switch

Correct Answer: B
