QUESTION 1

What is one way to explain the benefits of HPE Synergy fluid resource pools to a customer?

- A. Fluid resource pools support workload-specific processing, which optimizes task processing.
- B. Fluid resource pools offer always-on data deduplication and compression.
- C. Fluid resource pools liberate resources stranded in silos, which reduces over-provisioning and CAPEX.
- D. Fluid resource pools enable developers to customize networking functions dynamically in real time.

Correct Answer: A

QUESTION 2

What goal does a customer who plans to implement DevOps have?

- A. to develop a more efficient way to use office space
- B. to enhance the operational efficiency of SQL databases
- C. to use unified communications (UC) to help employees collaborate
- D. to make IT more responsive to developers' needs

Correct Answer: D

QUESTION 3

Which type of digital disruption technology is so essential to real-time decision making that it is expected to support all IoT efforts within the next few years?

- A. composable infrastructure
- B. virtual reality
- C. augmented reality
- D. artificial intelligence

Correct Answer: D

QUESTION 4

What is one way that the HPE strategy addresses the challenges created by the new IT trends?

- A. It eliminates the risks created by the shift away from servers and storage to hyperconverged

- B. It gives customers the ability to harness the explosion of data from the edge to the core.
- C. It is designed to migrate customers from traditional IT solutions and private clouds.
- D. It provides guidelines for regulating AI and machine learning solutions in corporate environments

Correct Answer: A

QUESTION 5

Which desire indicates a customer who is interested in transforming to an IT as a Service (ITaaS) approach?

- A. The customer wants deep insights into big data collected at the edge.
- B. The customer wants to reduce costs and regain control of the data center.
- C. The customer wants to accelerate provisioning to provide on-demand IT.
- D. The customer wants to improve user experience in an open office environment.

Correct Answer: C
