QUESTION 1

A network engineer wants to add a link to a venue's event schedule on the first page that appears when an AppMaker app is opened on a device. On which page in AppMaker should the engineer add the event schedule so the link will appear on the first page when the app is opened?

- A. Image page
- B. Home page
- C. Title page
- D. Featured page

Correct Answer: D

QUESTION 2

Place the steps to complete a location walkthrough in the correct order (Select the step, and then click the arrow to move it into the Sequence column)

Select and Place:

The screenshot shows the AppMaker interface for creating a location walkthrough. On the left, under 'Location Walkthrough Steps', there are five steps: 'Define a route.', 'Tap the Walkthrough button in the Beacons app.', 'Tap Start Location.', 'Analyze the route.', and 'Walk the route.'. On the right, under 'Sequence', there are two empty slots. Arrows indicate the sequence order: a right arrow from the first step to the first slot, and a left arrow from the second slot to the second step.

Correct Answer:

The screenshot shows the AppMaker interface for creating a location walkthrough. On the left, under 'Location Walkthrough Steps', there are five empty slots. On the right, under 'Sequence', there are five steps: 'Define a route.', 'Tap the Walkthrough button in the Beacons app.', 'Tap Start Location.', 'Walk the route.', and 'Analyze the route.'. Arrows indicate the sequence order: a right arrow from the first slot to the first step, and a left arrow from the second slot to the second step.

QUESTION 3

Which changes are made in an AppMaker app when a color is selected in the Theme menu? (Select two.)

- A. background color
- B. top title bar color

- C. event page color
- D. featured page logo color
- E. bottom Search bar color

Correct Answer: AB

QUESTION 4

A network engineer plans a beacon deployment with Aruba blue dot location-based services. The deployment uses both battery-powered and USB beacons.

What is a primary difference between battery-powered beacons and USB beacons that is useful for the engineer to know for this deployment?

- A. USB beacons do not need to be connected to a power source, but battery-powered beacons do.
- B. Battery-powered beacons do not need to be connected to an external power source, but USB beacons do.
- C. Battery-powered beacons can be configured as location beacons. But USB beacons cannot.
- D. USB beacons can be remotely managed, but battery-powered beacons cannot.

Correct Answer: B

QUESTION 5

Which page type is used to combine references and organize other AppMaker pages?

- A. Calendar
- B. Image+text
- C. Web page
- D. List

Correct Answer: D
