QUESTION 1

Which two options are correct regarding the IEEE 802.11ax standard? (Choose two.)

- A. allows transmissions of up to 4.8Gbps
- B. is an emerging satellite connection standard to allow wireless access anywhere in the world
- C. operates only in the 5GHz similar to 802.11ac
- D. operates in both the 2.4GHz and 5GHz radios bands
- E. is the first WLAN standard to no longer use electromagnetic signals to transmit data

Correct Answer: AD

QUESTION 2

DRAG DROP

Match each network protocol to the correct server listening port. Not all answers will be used.

Select and Place:

Server Listening Port

20,21	<input type="text"/>
22	<input type="text"/>
23	<input type="text"/>
67	<input type="text"/>
68	<input type="text"/>
80	<input type="text"/>
443	<input type="text"/>

Protocol

<input type="text" value="DHCP"/>
<input type="text" value="SSH"/>
<input type="text" value="FTP"/>
<input type="text" value="Telnet"/>
<input type="text" value="HTTP"/>

Correct Answer:

**Server Listening Port**

20,21

FTP

22

SSH

23

Telnet

67

DHCP

68

80

HTTP

443

Protocol**QUESTION 3**

Which two statements are true regarding Checkpoints on Aruba switches? (Choose two.)

- A. Rolling back to a prior checkpoint triggers a reboot of the switch.
- B. Stacking switches using VSF or VSF will disable the Checkpoint feature.
- C. A checkpoint is a snapshot of the running-configuration and relevant metadata at the time the checkpoint was created.
- D. System-generated checkpoints are created after a configuration change and 5 minutes of inactivity.
- E. Checkpoints are available on AOS 5400R switches, as well as on all AOS-CX switches.

Correct Answer: CE

QUESTION 4

ServiceOS login: admin

SVOS> password

Enter password: *****

Confirm password: *****

The login password to access an Aruba AOS-CX was lost. After connecting to the switch console port, a reboot is performed and the Service OS console is accessed as shown above.

What is the default password that is required for the admin account while under the Service OS console?

- A. No password is set for this account.
- B. "password"
- C. "forgetme!"
- D. The same login password that has lost originally.

Correct Answer: C
