### QUESTION 1

Site A is configured with a WLAN and a policy. The administrator creates a configuration template at the organization level with additional policies for the same WLAN and mentions Site A in this template. In this scenario, which statement is correct?

- A. The policy that is created in the config template at the organization level will execute first.
- B. The policy created at the organization level can be applied to a site group, not to an individual site.
- C. The policy that is created at the site level will execute first.
- D. There is no option to mention the site in the config template at the organization level.

Correct Answer: A
