QUESTION 1

A company uses Dynamics 365 Commerce. The company is launching a new product line for select stores.

The company wants to ensure that stores participating in the launch receive the new products. Stores that are not participating in the launch must not be able to order the products.

You need to recommend tools to help the company launch the new product line.

What should you recommend? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

- A. Define products for distribution using product assortment.
- B. Define products for distribution using security roles.
- C. Control product distribution using purchase agreement.
- D. Control product distribution using trade agreement.

Correct Answer: AD
