QUESTION 1

How are the points calculated when using FortiMeter to deploy FortiOS-VM? (Choose two.)

A. Based on the number of sessions on the mgmt interface of FortiOS-VM.

B. Based on the FortiGuard service option enabled for FortiOS-VM.

C. Based on the traffic usage on port1 and port2 on FortiOS-VM.

D. Based on the amount of traffic (per GB) passing through the FortiOS-VM.

Correct Answer: BD

QUESTION 2

View the following exhibit.
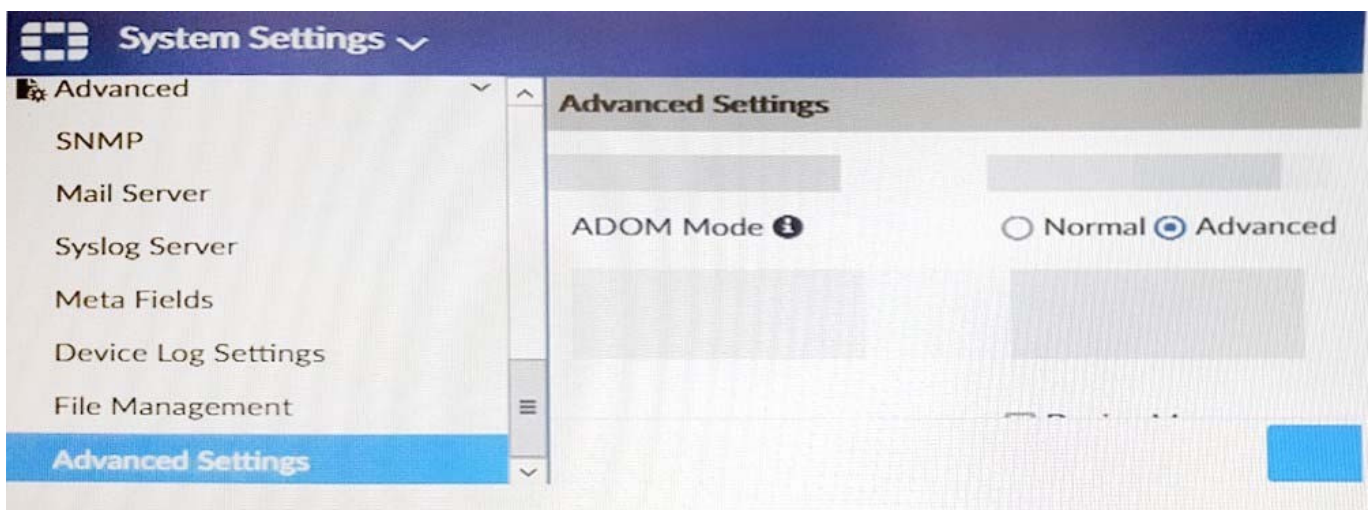

Which of the following statements are true based on this configuration setting? (Choose two.)

A. This setting will enable the ADOMs feature on FortiManager.

B. This setting is applied globally to all ADOMs.

C. This setting will allow assigning different VDOMs from the same FortiGate to different ADOMs.

D. This setting will allow automatic updates to the policy package configuration for a managed device.

Correct Answer: BC

QUESTION 3

In addition to the default ADOMs, an administrator has created a new ADOM named Training for FortiGate devices. The administrator sent a device registration request to FortiManager from a remote FortiGate. Which one of the following

statements is true?

A. The FortiGate will be automatically added to the Training ADOM.

B. By default, the unregistered FortiGate will appear in the root ADOM.

C. The FortiManager administrator must add the unregistered device manually to the Training ADOM using the Add Device wizard.

D. The FortiGate will be added automatically to the default ADOM named FortiGate.

Correct Answer: B

QUESTION 4

An administrator is unable to log in to FortiManager. Which one of the following troubleshooting step should you take to resolve the issue?

A. Make sure FortiManager Access is enabled in the administrator profile.

B. Make sure ADOMs are enabled and the administrator has access to the Global ADOM.

C. Make sure Offline Mode is disabled.

D. Make sure the administrator IP address is part of the trusted hosts.

Correct Answer: D

QUESTION 5

What is the purpose of the Policy Check feature on FortiManager?

A. To find and merge duplicate policies in the policy package.

B. To find and provide recommendation to combine multiple separate policy packages into one common policy package.

C. To find and delete disabled firewall policies in the policy package.

D. To find and provide recommendation for optimizing policies in a policy package.

Correct Answer: D
